

To whom it may concern,

I am a mother of a young son. In the world we live in today, there are few positive influences for my family. We have grown dependant on KLOVE to be a positive impact on our family. It supports family values that are important not only to my family but for our community as well. They offer many life lines to those listening and i believe it would be a terrible disservice to my family and our listening community if KLOVE is forced off of the air. Thank you for allowing me to submit my comments!
